HYGIENE HAS NEVER
BEEN **SO STRONG**—

Thanks to the newly developed surface technology,
bathrooms and toilets get maximum hygiene and
smooth surfaces for a lifetime.

**BIEN PRESENTS TURKEY'S
FIRST ANTIMICROBIAL
PRODUCT.**

Magiclean is leading the way in Turkey with its
special antimicrobial feature.
Tested and approved by German Hygiene Institute
and Yeditepe University Department of Genetics
and Bio-Engineering

magiclean

HIGH STANDARD OF HYGIENE *with no-rim*

The new generation No-Rim WC pans are designed without a rim inside the bowl. This makes them easy to clean and reduces bacteria buildup.

A Bien signature on environmentally-friendly designs...

HYGIENE CHANGED IT'S FORM *with EASYWASH*

The built-in bidet nozzle EASYWASH offers an aesthetic appearance and ergonomic handling in wall-hung and close coupled back-to-wall models.

FROM yesterday TO today

Characterized by its timeless design, the Dune Collection takes its form from the rocks, shaped by water and wind over thousands of years. It defies time WITH its elegant lines.

SUSTAINABLE BIEN FAUCET TECHNOLOGY

BIEN KNOW – HOW

We, as BIEN, offer our customers the most effective solutions binding latest technology with years of experience and fund of knowledge focused on a continuous development and improvement in all units, by accepting customer satisfaction as our first aim.

INNOVATION & DESIGN

We develop user-friendly functional products and aesthetical solutions with our innovation and design approach that deals with current demands of our customers and market and their medium & long term needs of the future.

BIEN QUALITY CONTROL
The most significant goal of ours is to operate 100% quality control processes in every phase of our production and to attain sustainable and always improvable quality by using the outcome of this process as new production input.

WATER SAVING
Water is irreplaceable for all living creatures on earth. Existence of sufficient and good quality water is the key element of freshwater ecosystems, humankind, food security and sustainable development. These resources are decreasing even more day by day due to limited water resources and global warming and consumption reasons. Because of these reasons, we, as BIEN, produce water-saving products in order to leave healthy and sufficient water for future generations.

HIGH GRADE RAW MATERIAL

Our biggest mission is to manufacture products that respect human health and nature by using high quality raw materials in accordance with European standards.

HYGIENIC PRODUCTS

Hygiene of wet areas in individual and public use places is a really important subject for human health. We provide maximum hygiene in bathrooms and toilets with our antimicrobial coating technology Magiclean and our functional products which we developed.

SMOOTH SURFACE TECHNOLOGY
As Bien, we produce smooth and durable faucet surfaces at micron level with our superior coating technology and offer them to our customers.

ECO PROTECT
We, as BIEN, manufacture water-saving, harmless to human health raw materials and hygienic, environmentally friendly faucets and create sustainable BIEN FAUCET TECHNOLOGY by bringing these faucets together with the ultimate consumers with their environmentally friendly packaging suitable for recycling. Our most important mission is to maintain the Ecological balance with this sustainable faucet technology.
